EDUCATION

Jan 2023 – present	Ph.D. in Operations Research Operations Research and Information Engineering, <i>Cornell University</i> Advisor: Omar El Housni	GPA: 4.1/4.0
2017 – 2020	M.Sc. in Finance <i>Sharif University of Technology</i> , Tehran, Iran	GPA: 18.30/20
2013 – 2017	B.Sc. in Electrical Engineering <i>Sharif University of Technology</i> , Tehran, Iran	GPA: 17.87/20

RESEARCH INTERESTS

Combinatorial optimization • decision making under uncertainty • revenue management • agentic algorithm design.

PUBLICATIONS AND WORKING PAPERS

2024 – 2026	Adaptive Two-Sided Assortment Optimization: Revenue Maximization with Omar El Housni. Major revision , <i>Operations Research</i> , 2026. arXiv:2507.04156 Finalist , INFORMS JFIG Paper Competition, 2026. Study revenue maximization in two-sided matching platforms where assortments are shown to both sides of the market.
2025 – present	The Value of a Single Experiment in Assortment Optimization with Omar El Housni and Amine Bennouna. Working paper.
2026 – present	Agentic Algorithm Design for Assortment Optimization and Recommendation with Omar El Housni, Mohammad Mosaffa, and Omid Rafieian. Work in progress.

RESEARCH AND INDUSTRY EXPERIENCE

Summer 2025	PiTech PhD Impact Fellow <i>New York City Housing Authority</i> , New York, NY - Built end-to-end ML pipelines on sparse, noisy administrative data (XGBoost, neural nets). - Benchmarked classification and regression models for risk ranking and delay forecasting.
2021 – 2022	Financial and Business Data Analyst <i>Cafe Bazaar</i> (app store, 45M+ users), Tehran, Iran Built SQL/PySpark pipelines over marketplace event data for retention and cohort analysis.

HONORS AND AWARDS

2026	Finalist, INFORMS JFIG Paper Competition, as coauthor (entrant: O. El Housni).
2023	The Latest in DeFi Research (TLDR) Fellowship, \$30,000 — Uniswap Foundation.
2017	3rd place, annual B.Sc. thesis competition, EE Dept., Sharif University of Technology.
2013	Ranked 88th of 220,000 in the Iranian National University Entrance Exam (Konkour).
2012	Silver Medal, 30th Iranian National Mathematical Olympiad.
2011	Silver Medal, International Mathematics Competition (IMC), Indonesia.

TALKS

Nov 2026	INFORMS Annual Meeting (scheduled) — <i>The Value of a Single Experiment</i> .
Jun 2026	INFORMS RMP Conference — <i>Adaptive Two-Sided Assortment Optimization</i> .
Mar 2026	INFORMS Optimization Society Conference — <i>Adaptive Two-Sided Assortment Optimization</i> .
Oct 2025	INFORMS Annual Meeting — <i>Adaptive Two-Sided Assortment Optimization</i> .
May 2024	Uniswap TLDR Conference — <i>Securing DeFi from DAO Governance Attacks</i> .

SELECTED PROJECTS

2023 – 2024	Securing DeFi from DAO Governance Attacks <i>Uniswap Foundation TLDR Fellowship</i>
2019 – 2020	Credit Risk Measurement of Loan Portfolios via Debtor Classification (M.Sc. thesis) Machine-learning classification of borrowers for portfolio-level risk estimation (Python).

TEACHING ASSISTANTSHIPS

Fall 2026	ORIE 5129: Data Science for e-Retail and the Sharing Economy — <i>Cornell University</i> .
Spring 2026	ORIE 5570: Reinforcement Learning with Operations Research Applications — <i>Cornell University</i> .
Fall 2025	ORIE 5380: Optimization Methods — <i>Cornell University</i> .
Spring 2025	ORIE 3120: Practical Tools for OR, Machine Learning and Data Science — <i>Cornell University</i> .
Fall 2023	ORIE 5600: Stochastic Calculus — <i>Cornell University</i> .
2016 – 2019	Four further appointments at <i>Sharif University of Technology</i> .

SKILLS

Programming: Python, PySpark, SQL, MATLAB, R. **Languages:** Persian, English, Turkish.
